

**EURO-MEDITERRANEAN COOPERATION
ON RESEARCH & TRAINING
IN SUN BASED RENEWABLE ENERGIES
(EUROSUNMED)**

**EUROSUNMED International School
on Photovoltaics, Concentrated Solar Power,
Storage, Grid Integration and
the Economics of Renewable Energy**

**28 – 31 March 2015
Sharm el-Sheikh, Egypt**

**Online applications
open from 6 to 31 January 2015 (23:59 CET)
on <http://www.eurosunmed.eu>**

In the frame of EUROSUNMED project, an International School on Photovoltaics, Concentrated Solar Power, Storage, Grid Integration and the Economics of Renewable Energy in EU-MENA are organized from 28 to 31 March 2015 in Sharm el-Sheikh, Egypt.

The School will consist of four days of **lectures** capturing the latest developments in the area of renewable electricity generation, and **a poster exhibition**. The programme is suitable for Master, PhD and PostDoc-level students as well as researchers/professors, engineers and staff of private companies working with Renewable Energy. All presentations will be given in English.

Please note that the event is **open only to selected participants** and the number of attendees is limited. Special attention will be given to applicants from the MENA region.

Application requirements:

- Documented study/research/work experience in Renewable Energies
- An advanced level of English
- Possibility to assist all four days of the School
- Possibility to cover all or part of costs for own travel and accommodation*

For more information, please see <http://www.eurosunmed.eu>.

** Admission and lunches are provided to all participants. Travel and accommodation are covered for selected students only (not available for other participant categories). Selected participants will be informed about the required procedure.*
